

About the Instructor

Michelle Johnston

Michelle Johnston was raised in Athens, Texas and is proud to call East Texas her home. She graduated from Cayuga High School in 2011, and from the Dallas Institute of Funeral Service in 2012.

While attending mortuary school, she completed her apprenticeship at Central Texas Mortuary in Temple, Texas and became a licensed Funeral Director and Embalmer in February of 2013.

For 10 years she has worked on both sides of the industry, serving families for three years and in the mortuary service for seven years. In November of 2020, she attended Fountain National Academy in Springfield, Missouri in order to further her knowledge in restorative art and post-Mortem reconstructive surgery. She is highly skilled in both embalming and restorative art and enjoys learning new techniques regularly. In 2021, she was awarded the East Texas Embalmer of the Year award, and currently holds multiple positions on committees for TFDA.

Seminar Topics

Introduction into Advanced Reconstructive Surgery Techniques

The speaker will demonstrate how to handle major restorative restorations using techniques that can be used to isolate the damage and repair. Covered topics will include embalming and techniques to repair and work with bone, soft tissue, features, hair restoration and cosmetics. Some of the cases that will be covered include:

- Clearing Discolored Fingernails, Hands, & Arms
- Traumatized Eyes: Swollen, Edematous, & Discolored
- Reduction of the Eyes Surgically
- Soft Tissue Wound Treatment BEFORE Waxing
- Legality Measures for Reconstructive Surgery Procedures.
- Repairing Bone Structure
- Plaster of Paris Head Molds
- Waxing with PCMR Filler
- Airbrush Techniques
- Burn Victims

Special thanks to Federated Insurance for sponsoring the KFDA Embalming Seminar and US Alliance for sponsoring the break
